An Education Centre for the Horse Industry

Equine Law and Business Newsletter

Welcome !!

We are pleased to present to you the first issue of the Equine Law and Business Newsletter as an educational tool for horse men and women involved in the horse business. According to the American Horse Council, the U.S. horse industry generates over 10 billion dollars for the nation's economy each year. We will bring to you important current information for this substantial business in the legal, tax and management fields which will be a positive factor in a horse person's involvement with horses whether for profit or pleasure.
